GRAND RAPIDS BOODLE

CASES ARE POSTPONED

Twenty Defendants and Their Attorneys Crowd the Courtroom

When the Roll Is Called.

POLICE COURT HEARINGS

GRAND RAPIDS, Mich., Dec. 14.—Twenty cases growing out of the Lake Michigan water deal boodle scandal were on call in the Superior Court to-day, this being the opening of the December term. The respondents with their attorneys crowded the space inside the railing at court. Prosecutor Brown announced to the court that the information had not been prepared for all the cases and that an agreement had been reached with the various respondents' attorneys whereby all cases should go over for a week, when definite arrangements for trial will be made. Judge Newnam accordingly made an order continuing the case until Dec. 21.

Lant K. Salisbury, former city attorney, and the man whose confession is responsible for the arrests made for complicity in the water scandal, was then called for sentence for accepting a bribe, or which charge he has already been convicted. The Supreme Court affirmed Salisbury's conviction in this charge. The case was then postponed until the next term of court because of the necessity of keeping Salisbury in the city to act as a witness in the new cases. A formal order was made in accordance with this request.

In Police Court Alderman Malachi Kinney waived examination and was bound over to the present term of the Superior Court for trial, the bond being fixed at \$2,000. The examination of ex-Alderman Ellen was then resumed. The reading of Salisbury's testimony at the first session of the examination being taken up again.

When asked to-day as to a rumor that another batch of warrants was to be issued soon in the water cases Prosecutor Brown said: "There will not be any batch of them, but we may get out one or two individual warrants in a few days. I cannot say anything more about them at present."

Alderman Johnson waived examination in Police Court and was bound over to the present term of the Superior Court under \$2,000 bond.

Ex-Alderman John Muir followed the same course taken by Alderman Johnson. No testimony was offered in the Police Court in his case and he also was bound over to the present term of the Superior Court. The reading of Salisbury's testimony in the case of Alderman Muir was completed to-day and Attorney M. H. Walker was granted until Thursday to decide whether he would offer any testimony for the defense.

DEMAND FOR CHINESE

LABORERS IN AFRICA

Mass Meeting at Johannesburg

Votes Down Proposition to Take a Referendum Ballot.

JOHANNESBURG, Dec. 14.—A mass meeting called here to-night for the purpose of urging upon the government the advisability of taking a referendum before introducing legislation providing for the introduction of unskilled labor into the Transvaal was completely captured by the element favorable to the importation of Chinese.

Special trains brought in thousands of miners from the east and west Rand, 5,000 of whom packed the hall where the meeting was held. The miners were well organized, and all through the meeting there was frequent cheering for the Chinese. When the chairman attempted to put a motion in favor of a referendum he was unable to get a hearing. Speeches in favor of the motion were impossible, and the excitement was intense.

At an overflow meeting, attended by 5,000 persons, a motion antagonistic to the taking of a referendum was carried by a large majority.

HEARING ON MERGER UNDER WAY

Argument on the Northern Securities Litigation Is Begun in the Supreme Court.

NO RESTRAINT ON TRADE

Contention of Plaintiff in Appeal Is that the Consolidation Was a Protective Measure.

WASHINGTON, Dec. 14.—Immediately after disposing of its routine Monday morning business the Supreme Court of the United States to-day began hearing arguments in the case of the Northern Securities Company, et al., vs. J. Hill, J. Pierpont Morgan, Daniel S. Lamont and others vs. The United States, coming to this court on appeal from the decision of the Circuit Court for the District of Minnesota. The decision was to the effect that the purchase of the greater share of the stock of the two railroad companies constituted a merger and was contrary to the Sherman anti-trust law. The case involves the community-of-interest principle.

There has been much interest in the case, and when it was called to-day the courtroom was crowded both inside and outside the bars. Attorney General Knox was present with quite an array of assistants from his office, while the opposition also was represented by a strong team of distinguished counsel, including W. B. Ewing and Charles B. Young, former Attorney General Griggs and John G. Johnson, of Philadelphia. Justice Brown was the only member of the court not present.

The hearing began at 12:20 o'clock and John G. Johnson, representing the Northern Securities Company, made the first argument. He stated that the railroad was contained in the following sentence: "This merger of interest was a combination to restrain of commerce among the States, and was intended so to be, and with or without a proved intent it is illegal, by virtue of the combination it is guilty of the mischief which the law is designed to prevent."

Johnson then brought transportation trade throughout a great section of the country under the controlling influence of a single body public might have through any competition between the two lines."

The court adjourned until to-morrow, when Mr. Knox will continue.

ANTARCTIC EXPLORER

DEPARTS FOR HOME

Nordenskjold Says the Results of His Expedition Have Added to Geographical Knowledge.

NEW YORK, Dec. 14.—Dr. Nordenskjold and other members of the Swedish Antarctic expedition recently rescued by a gunboat sent to the Antarctic by the Argentine government, has embarked for home on the German steamer *Tylica*, says a Herald dispatch from Buenos Ayres, Argentina.

The explorer, just prior to his departure, appeared before the Argentine Geographical Institute and gave a description of his voyage. He declared the main object of the expedition was not to make a record over other parties for advancing southward, but to make thorough geographical and biological study of regions never before visited.

As for the geographical results, Dr. Nordenskjold said he had drawn the first map of the coast from Belica canal to the sixty-sixth degree. All maps of that country, he said, so far as the explorer saw, are inaccurate.

EXCELLENT RUN MADE

Torpedo Boat Flotilla Arrives at Port Royal After a Rapid Trip from Hampton Roads.

PORT ROYAL, S. C., Dec. 14.—The torpedo flotilla arrived here to-day. The trip from Norfolk to Hatteras was made at a speed of eighteen knots in smooth water. From Hatteras to Charleston there was a moderate gale from the Southeast to Southwest and the flotilla went at speeds of from ten to twelve knots. Last night was spent at anchorage in the Charleston outer harbor. The run from Charleston, to Port Royal was smooth.

The inspection board pronounces the vessels thoroughly seaworthy for any service, after having observed them in this heavy weather. The inspection board also will go aboard the Baltimore to inspect her on the run to Key West. The flotilla will proceed to Key West as a small amount of coal is taken here.

How he did it was not ascertained, but it must have been in some manner as is accomplished by means of the new coffee-tea pot which Uncle Sam has just granted a patent on.
